

Johnny Appleseed  
Metropolitan  
Park District

# Public Notice

---

**Purpose:** The purpose of this public notice is to provide you the opportunity for feedback on proposed project plans for the Ottawa Metro Park Multi-use Trail Enhancement in conjunction with the Recreational Trails Grant Program.

**Authority:** The Commissioners of the Johnny Appleseed Metropolitan Park District. The application will follow guidelines of the Recreational Trails Program.

**Applicant:** Johnny Appleseed Metropolitan Park District  
2355 Ada Road  
Lima, Ohio 45801

**Location:** Ottawa Metro Park  
2632 State Route 81  
Lima, Ohio 45801

**Project Description:** The Johnny Appleseed Metropolitan Park District is preparing documents for a Recreational Trails Program Grant Application for 2018. The proposed project will enhance the eastern portion of the loop trail at the Ottawa Metro Park, running east from the campground, past the amphitheater, and around the restroom facility near Lima Lake. The path is only six feet wide in this section and is proposed to be widened to a final width of ten feet. This will provide added safety features to the path, such as, improved sight lines, better accommodation of multiple user groups, and new surfacing. The entire length of 3,624 lineal feet will be ground out and a new layer of asphalt will be applied.

The Johnny Appleseed Metropolitan Park District encourages your questions and feedback on this proposed project. You may call, email, or visit the Park District Office (**ask for Tyler Black**). The last day for feedback is **January 19, 2018**.
